

*A Strong Global Enterprise
with a Bright Future*

NESCO INC.

The NESCO family of companies proudly serves a diverse range of industries helping to bring quality, innovation, and efficiency to domestic and global markets.

Our long-standing commitment to deliver best-in-class products and services has been the backbone of our growth and the growth of our customers.

- ▼ *Founded in 1956*
- ▼ *Holding Company of Independently Operated Businesses*
- ▼ *Operating Businesses produce range of specialized manufactured products and technical services.*
- ▼ *Corporate Headquarters in Cleveland, Ohio*

NESCO was founded in 1956 as a small engineering and design firm. In fact NESCO originally stood for the National Engineering Service Corporation and this heritage remains an essential part of our DNA. The company expanded through both organic growth and the acquisition.

Since the 1970's, Nesco has broadened the scope of its business further through the acquisition of specialized marketing, manufacturing, and specialized service firms.

These acquisition provided Nesco with a range of technical products and capabilities that we now market worldwide. Evolved into leaders in their industry and NESCO continues to grow with them both organically and through acquisitions

NESCO portfolio of companies focus on four major groups with synergies in technology and expertise:

- ▼ *Industrial Manufacturing of Highly Engineered Components*
- ▼ *Engineering & IT Professional Services*
- ▼ *Exhibits & Marketing Services*
- ▼ *Commercial & Industrial Real Estate*

NESCO is committed to continuous investment in its portfolio of companies with an eye toward building on synergies that exist while maintaining individual strengths.

- ▼ *Businesses Operates Autonomously*
- ▼ *Distinct financial, production, and marketing strategies*
- ▼ *NESCO helps realize the shared, long-term vision of its companies*
- ▼ *Proven track record of long-term ownership*

Professional Staffing

NESCO's Professional Services provide human capital management to a wide range of industries. Through our branch office network, we offer our clients and employees services ranging from Temporary Staffing, Permanent Placement, HR Outsourcing and much more.

The Staffing Service Group entered the temporary service industry in the 70's with the acquisition of leading suppliers of personnel for clerical, sales, management, and light industrial needs.

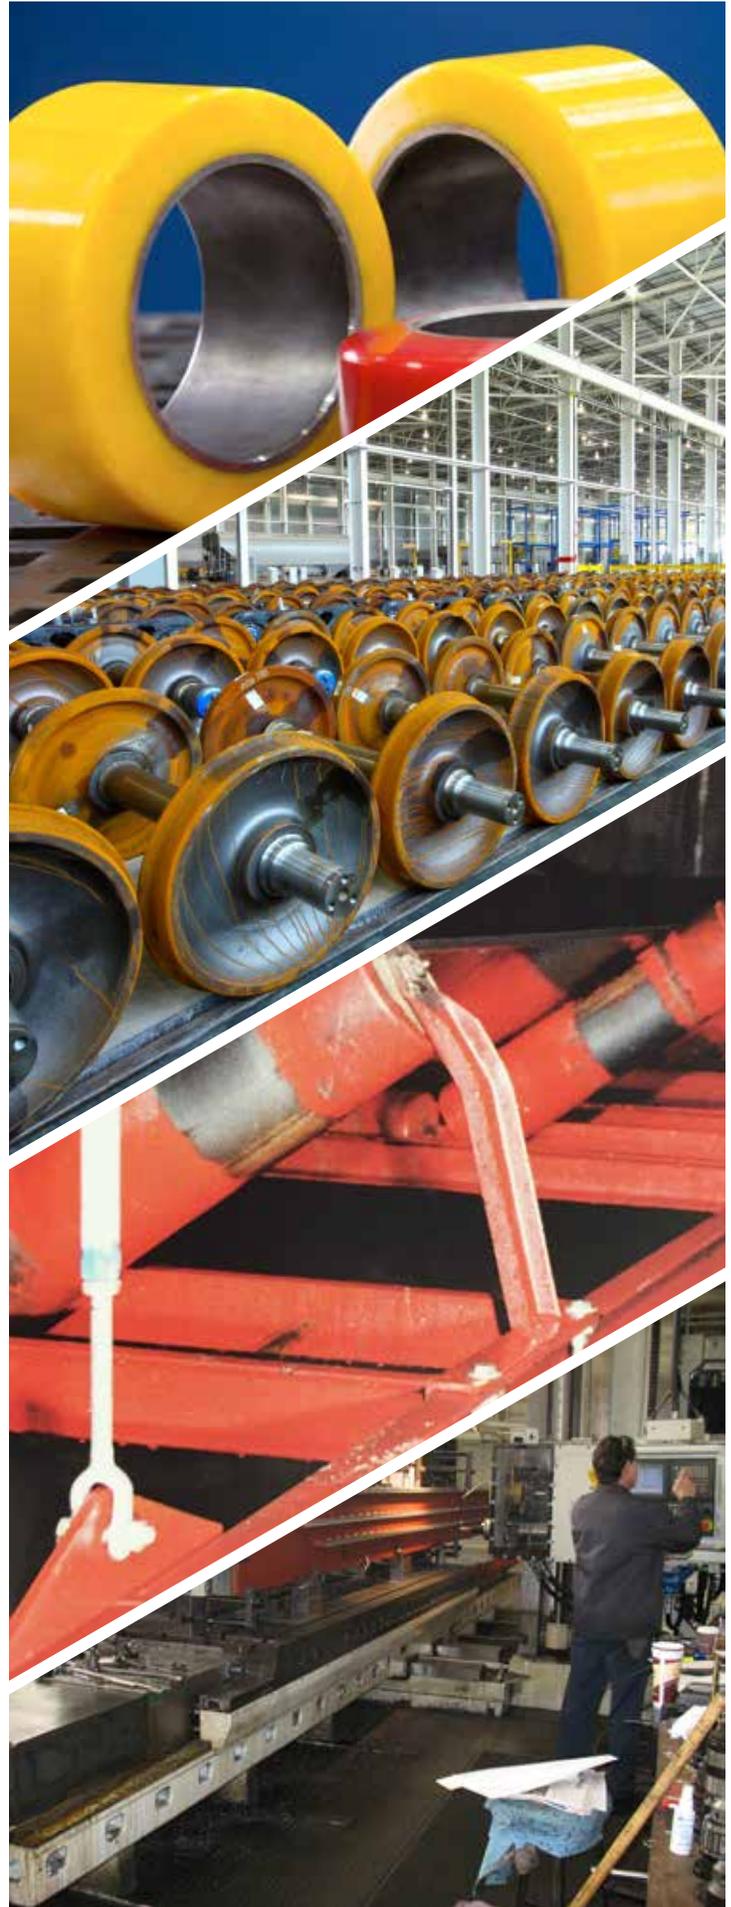

Today, the professional staffing group has grown to one of the largest in the country. This group provides staffing for:

- ▼ *Engineering Services*
- ▼ *Information Technology*
- ▼ *Manufacturing & Distribution*
- ▼ *Accounting & Finance*
- ▼ *Clerical and Administrative*
- ▼ *Light Industrial*

Industrial Manufacturing

NESCO is strongly committed to manufacturing with a 30+ year track record. Each of our manufacturing businesses are positioned to respond successfully to customers' dynamic needs with a strong knowledge and skill base that has been continuously invested in. The innovative work of the Industrial Group helps move technology forward throughout the world. This groups serves diversified industries including: transportation, steel, aerospace, defense, agriculture, and chemical.

The Industrial Group has plants throughout the US and its systems, parts and products are sold worldwide. Through internal growth and acquisition, this family of companies has achieved a strong manufacturing base in a wide variety of industries during the past thirty years.

Material Handling

NESCO's Material Handling group are leaders in advanced bulk material handling, providing turnkey services in the design, manufacture, and installation of conveyor systems and components. They serve the needs of many industrial markets by providing innovative, efficient solutions to complex material handling challenges. These include the development of unique high-angle conveyor systems designed to accommodate large capacities conveying at angles up to 90 degrees.

This group is also the leading supplier of conveyors to the coal, aggregate, utilities, agriculture, and pulp and paper markets with an emphasis on quality and reliability. In addition, the Material Handling Group has developed and marketed systems for waste refuse handling, wood chips, food grain and conveying, and for the constructing of underground tunnels to convey material out of tunnel as the boring processes progresses.

Industrial Engines

The Industrial Engine Group is the leader in designing, manufacturing, and marketing of small to medium horsepower gasoline and diesel engines. The Industrial Engine Group has numerous company owned and independent distributors worldwide supporting thousands of dealers and commercial clients throughout the world.

Industrial Machinery

Companies in NESCO's industrial machinery group design and manufacture a diverse equipment that produce diverse and eclectic consumer products used every day by millions of people: diapers, shaving razors, electric light bulbs, dry cell batteries as well as many more.
